BANKS DROP TAX ACTION

MOVE COMES AS SURPRISE IN COURT THIS MORNING.

TO TRY ANOTHER LINE

Dismissal Means 1927 Taxes Will Be Paid in Full, but Question Is Not Yet Settled.

Counsel for the banks of Nodaway County which had brought suit against the township collectors, seeking to enjoin collection of part of the 1927 bank stock tax, sprung a surprise in circuit court this morning when Attorney W. N. Deatherage told the court, "We dismiss all the suits."

This move on the part of the banks came after several continuances and delays during this term of circuit court.

When Judge John M. Dawson, who was somewhat taken by surprise, remarked, "Well, I guess this ends it," Mr. Deatherage replied, "At least for the time being."

The banks were contending that bank stock in this county was unjustly discriminated against by the assessors. The banks alleged in their petitions that bank stock was assessed at 100 per cent on money value, while other property, especially personal property other than bank stock, was assessed at from 59 to 79 per cent of actual value and that the collectors should be enjoined from the collection of the full tax as levied on bank stock. Part payment was proffered by the banks in all of the townships but refused by the collectors.

Tax Will Be Paid.

The action by the banks in dismissing the suits means that the 1927 tax on bank stock will be paid, but that protest will be made to the board of equalization and the board of appeals, should the banks think the same conditions exist when these board meet this spring.

The injunction suits brought by the banks of Nodaway County were dismissed by the plaintiffs with a view of taking another line of procedure," said Mr. Deatherage. "The question is not yet settled," he added.

Two trips were made by L. Cunningham of the state attorney general's office to Maryville from Jefferson City to assist in the defense of the suits. Mr. Cunningham was in court this morning when the suits were dismissed. He said then he would leave for the capital this afternoon.

Mrs. Richardson Dies After Long Illness

Funeral to Be Held Tomorrow at Price Chapel.—Made Home With Sister Here.

Mrs. Sarah Jane Richardson, 82 years old, died at the St. Francis hospital at 6:45 o'clock last night. She had been a patient at the hospital since September 1. She suffered a cancer.

Funeral services will be held at 2 o'clock tomorrow afternoon at the Price Funeral chapel. The Rev. W. N. Dewar will be in charge. Burial will be made in Miriam cemetery, next to the grave of Mrs. Richardson's husband, who died about thirty years ago.

Mrs. Richardson was born November 2, 1845, near Johnstown, Pa. The family moved to Iowa in 1855 and later to Missouri, where Mr. and Mrs. Richardson were married. They lived at Moberly until after the death of Mr. Richardson, when the widow came to Maryville to live with her sister, Mrs. Henry Totterdale who died about five years ago. Since that time Mrs. Richardson had made her home with her sister, Mrs. Isabella Worst. She is survived by Mrs. Worst and a sister, Mrs. Rachel Wells of Hennepin, Ill., who will be unable to attend the funeral because of illness.

Mrs. Richardson was a member of the Presbyterian church.

Mrs. Worst is in a feeble condition and her daughter, Mrs. N. C. Covey, is seriously ill at the home.

Debate Resolution Against Third Terms

Washington, Feb. .—Debate on the LaFollette Anti-Third Term Resolution was resumed in the Senate late today and Senator Fess, Republican, Ohio, continued his attack on the measure.

Santiago, Chile, has declared war on useless noise. Somebody been reading the movie subtitles out loud there, too?

Livengood to Talk on Legal Reforms

Local Attorney Will Discuss Two Societies and Public at State Teachers College.

Announcement was made yesterday morning at the State Teachers College of a joint meeting of Pi Gamma Mu and the Social Science club on the night of Wednesday, February 15, to be addressed by Attorney Lowell L. Livengood on the subject of reforms in legal procedure.

Mr. Livengood will discuss such questions as congestion of dockets, decisions on technicalities, unanimous verdicts, legal vertibage and kindred topics that he may wish to take up.

Reform in legal procedure has been much agitated of late, and the public is urged to attend and hear the live topic discussed.

MAY OPEN A STORE HERE

INQUIRIES RECEIVED FROM MONTGOMERY WARD CO.

INTO RETAIL BUSINESS

Giant Firm to Invade Every Town of More Than 5,000, Says Announcement.

Montgomery Ward & Company of Chicago, according to letters written to two Maryville real estate dealers, C. P. Anderson and O. L. Robey, has indicated the firm expects to open a retail and packing store in Maryville if a suitable building can be obtained here. These letters were received a few weeks ago and both of the agents have sent in a number of buildings which probably could be secured.

No other definite information has been received in regard to locating a store here. It was thought likely that representatives of the company would come to Maryville soon to look over the proposed sites. It was understood several buildings were suggested, among them the Real Estate Bank building, the building across the street which is now occupied by McMurry's Garage, the old Schumacher building, now owned by Mike Sturm, and the Keeler building on North Main street. An offer has been made, it was understood, by a Maryville man to erect a building but it was said the company would not entertain such an offer at this time.

The company is seeking a two-story building with basement and two store fronts. The retail store will take the basement and first story, with the packing room to occupy the second story according to present information.

According to a dispatch from Chicago today, Montgomery Ward & Company has announced plans for a retail chain store development to supplement its mail order business.

To Have Largest Chain.

Chicago, Feb. 9.—Montgomery Ward and Company announced last night a plan for developing as an adjunct to its mail order business the largest chain of stores in the world.

Fifty chain stores, operating experimentally, already are open and by the end of 1928, there will be 150, the announcement said. Ultimately, it is hoped to have a store in each of the 1,500 American communities of 5,000 population or more, it is said.

Establishment of the chain stores tending to increase rather than decrease the mail order business of the firm, the announcement said.

The stores, the announcement said, serve as "show windows," for the mail order products. Only about 1,500 of the 33,000 catalogued items are stocked in the stores, it was said.

Publication of plans for the chain was taken as explanation of substantial gains of Montgomery Ward stock on the New York Stock Exchange in the last few weeks.

Two Fines Assessed for Disturbing Peace

Sam Campbell and Herbert Vance, negroes, were arrested last night by Night Officer Will Trullinger when two complaints were made by residents in the north part of the city that the men were creating a disturbance.

The negroes were fined $5 and $6.65 costs each in police court this morning by Judge Joseph H. Sayler on charges of drunkenness and disturbing the peace.

Mrs. W. W. Baker, returned last night to her home at Harris, Mo., after a visit with her daughter, Mrs. D. W. Jones, of Skidmore.

ELVIS NELSON FOUND GUILTY

WORTH COUNTY MAN SENTENCED TO YEAR IN JAIL HERE.

JURY OUT EIGHT HOURS

Some Members Said to Have Favored a Penitentiary Verdict—New Trial Asked in Note Suit.

Elvis Nelson, of near Alanthus, today started serving a year's term in the Nodaway county jail, following the verdict of a jury in circuit court last night which found him guilty of petty larceny. The jury fixed the punishment at one year in the county jail and a $100 fine.

Nelson was turned over to the custody of Sheriff L. B. Campbell last night and the indications were that no move for a new trial or appeal would be taken by defense counsel. The defendant has four days in which to ask for a new trial, but when Sheriff Campbell asked the counsel for defense whether they wished to furnish bond pending the filing of a motion for a new trial, he was given a negative answer.

The jury was out nearly eight hours deliberating the Nelson case. Deliberations began about 1:45 o'clock yesterday morning.

Forty-five minutes were taken at noon for dinner and an hour in the evening. The verdict was returned at 8:50 o'clock last night, which read as follows:

Acquitted of Burglary.

"We, the jury, find the defendant guilty of petit larceny and we assess his punishment at confinement in the county jail for one year and at a fine of $100, and we acquit the defendant of the charge of burglary.

"Fred E. Daniels, foreman."

The Nelson trial was brought to the Nodaway county circuit court on a change of venue from Gentry county. According to the law, Nelson will serve his time in the county wherein he is convicted and Gentry county will reimburse Nodaway county for the expense.

It is understood that the jury came to an agreement before noon yesterday that Nelson was guilty but had difficulty in coming to an agreement as to the punishment. Nelson was charged with breaking into and stealing nine sacks of M. F. A. flour and twenty-seven dozen eggs from the Alanthus Produce Company, at Alanthus, Gentry county, the night of July 25, 1927.

The contention of the defense in the trial, which started Monday, was that the defendent was in such an intoxicated condition the night of the theft that he was unconscious; and that the theft was committed by his two companions, Ed Bell and Jacob Cogdill, both of whom are serving time in the state penitentiary. Bell was sentenced last September to two years for his part in the robbery and Cogdill was returned to prison by revoking of his parole, as he had been convicted previously on a liquor charge. It was intimated that some of the jurors believed that if Nelson was guilty, punishment for burglary should be imposed, which would mean a penitentiary sentence.

Water Course Charge Dropped.

George P. Adams of Albany, prosecuting attorney of Gentry county, and George P. Wright, Nodaway county prosecuting attorney, were counsel for the State, while Nelson was defended by Bruce DuBois of Grant City and C. W. Allen and C. E. Ernst of Albany.

Charges of obstructing a water course against Nile Wyatt and William Presley were dismissed yesterday by Mr. Wright.

A motion for a new trial was filed by the plaintiffs in the note suit of the First Trust Company of Savannah and Mrs. S. R. Seleeman, Savannah, against Jesse Engle, administrator of the estate of Jesse Engle and Sons copartnership. A jury last week found for the defendant in a trial which lasted the greater part of the week.

In the note suit of the First National Bank of Burlington Junction against C. A. Carter, the cause was continued and set for the first case on trial at the next term of court.

With the disposition of the bank tax suits this morning, most of the proceedings for this term of court were completed. The jury for this term has been discharged by Judge John M. Dawson, who has presided during the five weeks of court this term.

Have New Daughter.

Mr. and Mrs. Everett Porter, northeast of Maryville, announce the birth of a daughter yesterday morning.

KANSAS CITY TO KEEP THE CONVENTION

Chairman Butler Announces Missouri Party Leaders Have Guaranteed Enough Hotel Rooms.

Washington, Feb. 9.—Chairman William Butler of the Republican national committee announced today that Kansas City will retain the national Republican convention scheduled in that city next June.

The party's arrangements committee received from Missouri party leaders today sufficient guarantees of hotel rooms for delegates and guests at Kansas City to remove the necessity of holding the convention elsewhere, Butler said.

The Missouri group promised 4,000 rooms in downtown hotels, and pointed out that other rooms will be available in residential hotels farther away from Convention Hall.

GAME TO BE PLACED HERE

REFUGE NORTHEAST OF MARYVILLE WILL BE STOCKED.

MOST LEASES SIGNED

1,125 Acres Already Offered and Accepted by State.—860 Acres More Likely.

The State Game and Fish department expects to start stocking the game refuge, northeast of Maryville, with small game by March 1, John Wallace, deputy district game warden announced today. The game department has accepted the game refuge, consisting of 1,985 acres in the Myrtle Tree district, the nearest point from Maryville being about four and a half miles.

This will be an auxiliary game refuge in which small game will be propagated. The final acceptance of the refuge was made yesterday afternoon by the game department, which notified H. I. Piper, field man, of the action.

Eleven hundred and twenty-five acres of land in the tract already had been leased to the state for a period of ten years by the property owners this morning and the other five owners, with the exception of J. Arthur Wray, have signed their intention of signing the game refuge leases, Mr. Wallace said today.

The property owners and the amounts of land they have leased:

Thomas O'Day, 220 acres; Andy Pride, 105 acres; John F. Dowden, 100 acres; Charles E. Hollensbe, 150 acres; Mrs. Anna May Hollensbe, 70 acres; Burley Swalley, 60 acres; John Gray, 160 acres; George Wray and Nancy Gray, 80 acres; Mr. and Mrs. W. A. Gordon, 79 acres; L. A. Pistole, 10 acres; E. L. Peery estate by M. A. Peery, 100 acres.

The others expected to sign the leases when they are presented are Dr. Jesse Miller, sr., 120 acres; J. H. Neal, 80 acres; G. P. Bainum, 200 acres; and the Hollensbee heirs, Mildred A., Theodore W., and Ruth M. Hollensbe, minors, 60 acres. Charles Hollensbe, curators of their estate, has told the game department officials he would sign the leases for the minors.

A lease has been sent to J. Arthur Wray of Pasadena, Cal., who owns 400 acres. The papers were mailed sixteen days ago and are expected to be returned in a few days.

Senator Watson Out for the Presidency

Republican Has Chosen M. B. Thurman, Also of Indiana, for Campaign Manager.

Washington, Feb. 9.—Senator James E. Watson of Indiana informally announced his candidacy for the Republican Presidential nomination today with a statement that he had selected M. Bert Thurman, Indiana collector of internal revenue, as his campaign manager.

Watson said a formal statement on his policies would be forthcoming within a week or 10 days.

Wilbur's Delay of S-4 Report Scored

Washington, Feb. 9.—Secretary of Navy Wilbur is "withholding" the naval board of inquiry's report on the S-4 disaster "for some reason," Representative McClintic, Democrat, Oklahoma, charged in a speech in the House today.

ROCKEFELLER IS SUMMONED

OIL COMMITTEE WANTS HIS TESTIMONY UNDER OATH.

HE ACCEPTS SUBPOENA

Seek Trace of Bonds Through Aid of Justice and Treasury Departments.

Washington, Feb. 9.—The Senate Teapot Dome committee issued a subpoena today for John D. Rockefeller, jr., to testify at its hearing Saturday.

Senator Walsh of Montant, conducting the investigation, thought at first he would not call Rockefeller, in view of the fact that his testimony had been received by correspondence. Rockefeller had written Walsh that he had urged appearance of Robert W. Stewart, chairman of the Standard Oil of Indiana, before the committee and that Stewart had told him several years ago the Standard had no unworthy part in the mysterious 1921 deal of oil men.

Rockefeller wrote he had counseled Stewart to tell all he knew of the deal.

Want Testimony Under Oath.

Committee members, however, suggested that Rockefeller should submit his testimony under oath as every other witness has done, so the subpoena was issued.

Stewart was arrested under a senate warrant when he declined to answer all questions of the Teapot Dome committee. Decision on habeas corpus proceedings brought subsequently by Stewart is now pending.

Subpoenas also were issued for clerks and officials of the Dominion Bank of Canada where some of the $3,000,000 bond profits of the Continental Trading Company deal were deposited. They will testify Saturday.

To Accept Summons

New York, Feb. 9.—John D. Rockefeller, jr., will accept the subpoena of the Senate Teapot Dome committee, although he has no information which he has not already submitted, he said in a statement issued here today.

Public interest demands that the "fullest possible light be thrown upon the matter now under investigation," Rockefeller said he had told Colonel Robert W. Stewart, the recalcitrant oil witness.

Secret Agents Employed.

Washington, Feb. 9.—Secret government agents, were employed by the Teapot Dome committee today in a final effort to break oil men's silence and find who really got $1,200,000 still unaccounted for in the mysterious Continental Trading Company deal.

Twenty officials of five Sinclair and Standard Oil companies have been examined.

Committee experts, who have been working at the treasury department, have found that most of the bonds representing Continental profits have not been cashed, the United Press learned today. Even interest coupons on many, if not all of them, have been withheld so they could not be traced, the committee ascertained privately.

Several other avenues have been opened, however, by which the bonds may be traced through private investigators. Senator Walsh, Democrat, Montana, has sought the aid of the justice and treasury departments to follow these clues. The committee was in adjournment today to await the outcome of these investigations. If they prove unsuccessful, disposition of the money may never be revealed.

Stewart Resignation Denied.

Chicago, Feb. 9.—E. G. Seubert, president of the Standard Oil Company of Indiana, denied today that Col. Robert W. Stewart had resigned as chairman of the Board of the Company.

Rumors circulating in eastern financial circles yesterday that Stewart had resigned as a result of publication of letters from John D. Rockefeller, jr., showing the latter had recommended that Stewart tell "all he knew" about oil deals in connection with Teapot Dome.

Anti-Injunction Bill Urged by Green

Washington, Feb. 9. — President Green of the American Federation of Labor urged adoption of the Shipstead anti-labor injunction bill today before the Senate judiciary committee.

Green pleaded for equal treatment of labor and capital by the nation's courts.

The Shipstead bill proposes to define injunction laws to preclude their use in preventing orderly strikes and picketing.

Gov. Jackson Jury Selection Delayed

Prospective Jurors Already Accepted Requestioned on Points Relative to Outlawing Bribery.

Court Room, Indianapolis, Feb. 9.—Attorneys started requestioning of jurors already tentatively accepted when the trial of Governor Ed Jackson reopened here today, and as a result it was feared the task of selecting a jury might drag into tomorrow or even later.

The defense verified reports that it would base its case primarily on a contention that the Statute of Limitations outlawed the bribery conspiracy charges against the Governor, by questioning prospective jurors today on that point.

Talesmen were asked whether they would vote to acquit the Governor if the defense sustained its contention, that the statute outlawed the charge.

The state contends Governor Jackson conspired to conceal the alleged crime. The statute of limitations does not apply in cases where attempts at concealment by the defendant can be proved.

WIDOW SUES FOR $10,000

MRS. ANNA BURCHETT FILES AGAINST LOREN BAUBLITS.

SET FOR APRIL TERM

Petition Says Defendant "Did Wrongfully and Unlawfully Shoot" St. Joseph Man.

A $10,000 damage suit, resulting from the fatal shooting of Henry Burchett of St. Joseph near the Bethany Christian Church, sixteen miles southwest of Maryville, January 22, was filed today in the Nodaway county circuit court.

The plaintiff is Mrs. Anna Burchett, widow of the late Henry Burchett, and the defendant is Loren Baublits, deputy game warden of Graham, who is free on a $5,000 bond pending trial on second degree murder charges. The law firm of Sherman & Maughmer of St. Joseph is representing Mrs. Burchett.

The plaintiff states in her petition that on January 22, when she was the wife of Henry Burchett, Loren Baublits, "with force of arms did wrongfully, recklessly, wantonly and unlawfully shoot, mortally wound and kill" her husband. She further states that Baublits shot and killed her husband with a pistol which the defendant discharged at the back of her husband, inflicting a mortal wound of which her husband instantly died.

Because of this wrongful act by Baublits she is damaged to the amount of the $10,000, the petition concludes.

The summons to be served on Baublits with the petition, commanding him to be present at the April term of the Nodaway county circuit court, when the case will be called, was prepared this afternoon by the circuit clerk. The murder charges against him also are set for the April term of court.

Following the shooting, which occurred on Sunday, Baublits claimed that it was accidental. Baublits contended that as an officer of the game department he had commanded Burchett to stop so that he could examine him for a hunting license.

He said that he fired into the air but that Burchett was running up hill and the bullet accidentally hit the hunter in the back. Burchett, with four others from St. Joseph, was hunting on the Wiley Lankford farm at the time.

A suit to quiet title was filed today by Alverda L. David, et al., against Kitty E. McDonald.

England Contracts for More Submarines

Announcement Seen as Answer to French Refuse to Consider Ban Asked by U. S.

London, Feb. 9.—Great Britain contracts today for four more of a total of seventeen submarines to be laid down by 1930.

Award of the contracts came only a few days after a suggestion by Frank B. Kellogg, United States Secretary of State, that the submarine be abolished.

Great Britain was known to be favorable to Kellogg's proposal, but France and other continental nations ridiculed it, and Britain's order might be interpreted as an answer to them.

Two submarines are being built for the Australian navy.

FOX'S FATE WITH JURY

KEYES CALLS HIM A "MONSTER WITHOUT A SOUL."

ASKS SANITY VERDICT

District Attorney Makes Most Brilliant Appeal During His Long Career as Lawyer.

Court Room, Los Angeles, Feb. 9.—Branding William Edward Hickman as a "monster without a soul," District Attorney Asa Keyes at noon today finished final arguments in his trial for the murder of Marion Parker.

Keyes made a two-hour plea to the jury for a verdict holding Hickman sane at the time of his crime.

This verdict would make possible the sentence of death demanded by the state.

Judge J. J. Trabucco adjourned court until 2 p. m. after Keyes had finished.

To Jury This Afternoon.

At that time he will read his instructions to the jury of eight men and four women and the fate of "The Fox" will then be given into their hands.

Keyes' appeal to the jury was one of the most brilliant of his long career as an attorney.

The courtroom was jammed with spectators and many stood outside listening to him. His voice carried far down the corridors of the hall of justice as he urged the jury to "do justice for this atrocious crime."

Keyes concluded his address with a plea that "the state of California shall not be smirched with the injustice of letting this criminal escape the legal penalty of his crime."

Keyes then asked for "a verdict of sanity to send Hickman to the gallows," and sat down.

Returned to Cell.

Hickman was led to his cell immediately after court adjourned and will be returned at 2 p. m. to hear the Judge's instructions to the jury.

Keyes took exceptions at the outset of his speech to implications that he had been unfair to Hickman in his conduct of the case.

"I have been fair to this defendant, although I loathe the ground he walks on," Keyes shouted, pacing the floor within a few steps of where the defendant sat.

Family History Cited.

Richard Cantillon, youthful Los Angeles attorney, made the final plea for Hickman.

Cantillion in his plea that Hickman be sent to an insane asylum instead of the gallows at the San Quentin state prison turned to the family history of Hickman and his early life in the back woods of Arkansas.

"We have established that one of this boy's immediate forbears was a neuropath, two were positively insane and a fourth was the village half-wit and epileptic," Cantillion said.

Arguments Begun Yesterday.

Assistant District Attorney Forrest Murray opened the prosecution's arguments yesterday. He centered his talk around the fact that Charles Edwards, former chief of police of Kansas City, was one of the close friends of the Hickman family, yet had refused to brand Hickman insane. Murray contended that Edwards probably knew Hickman as well as anyone and that Edwards' refusal to term the slayer insane was conclusive proof of Hickman's sanity.

Murray was followed by Jerome Walsh, chief defense counsel.

Walsh began his argument by terming "the murder and subsequent butchery of Marion Parker, the most dastardly crime ever perpetrated."

"Can you conceive of a sane person doing such a thing?" he said. "The state said he killed for preservation after he kidnaped her that he might get the $1,500 ransom money to go to school. I tell you there was no motive for the act. The defendant was and is a madman."

Walsh reviewed the circumstances of the crime, stressing the brutal angles of it, in an effort to prove the murder the act of a madman.

THE ONLY DAILY PAPER IN NODAWAY COUNTY

A former Methodist minister is operating a filing station near Brookfield. Omar D. Gray of the Sturgeon Leader believes the minister now will see more church members than he did in the churches.

BUT MISSOURI WANTS ROADS NOW.

Theodore Gary, former chairman of the Missouri highway commission and now principal opponent of the proposed 75-million-dollar state road bond issue, is quoted as saying, "Any bond issue means approximately a dollar of interest must be paid for each dollar of bonds."

The same argument was used against the first bond issue of 60 million dollars. If those bonds had not been approved by the voters, Missouri today would have more current revenue for a pay-as-you-go road program, but the people would not now have the use of a splendid system of roads built under Mr. Gary's direction.

"The question of voting more road bonds resolves itself largely into this question," A. L. McCawley, chairman of the state senate committee on roads, said recently. "Is the interest on the bonds tomorrow worth to the people the value derived from the use of improved roads today?"

The person who builds a new house, or the manufacturer who expands his plant, mortgages his future income to obtain the cash to make the improvements. The chief difference between such persons and the state in bonding itself to obtain cash to build roads, is the state pays about 4½ per cent interest, while the private borrower pays more.

Everyone is agreed the present state revenue, without an increase of either the gasoline or the motor license fees, is sufficient to finance a new bond issue. The highway commission year after year has made public figures showing the millions saved the motor car owners by the state-built and maintained system of roads, constructed largely with borrowed money. Certainly the state can afford to continue to pay interest to complete the road system begun by Mr. Gary and his associates. The state has never made an investment which has yielded a larger return than the money expended for improved roads.—Kansas City Times.

South Methodists Against Al Smith

Memphis, Tenn., Feb. 9.—With two dissenting votes, the Southern M. E. Educational Association adopted a resolution in convention here today opposing the presidential candidacy of Governor Alfred E. Smith of New York.

The resolution, which brought into the convention deliberation the opinion from one speaker that Smith's nomination "would precipitate a religious war" reads:

"Resolved, that the nomination of Al Smith would be unfortunate and, in our opinion, would not enlist the support of the educational leaders of the south."

Dr. C. C. Selecman, Southern Methodist University, Dallas, Tex., submitted the resolution, and after its adoption with only two dissenting votes declared:

"I think the nomination of Al Smith would precipitate a religious war in the south and in the nation which would be a most unfortunate situation."

Dr. Selecman's statement was objected to by Dr. C. A. Rush, president of the board of education, Alabama conference, who stated he believed that objection to Smith's nomination "should be on the liquor question and not on the religious question."

Uses Auto Receipts to Reach the Voters

State Secretary Becker Gets $14,000 Worth of Free Postage in Announcing Candidacy.

Jefferson City, Feb. 9.—Receipts for State automobile license fees, now being mailed to auto owners, are carrying with them the cards of Secretary of State Charles U. Becker as a candidate for renomination. The State of Missouri pays the postage, which, however, is not greater because of the inclosed cards.

Other official mail sent out by the Secretary of State carries his cards, and the managers of branch offices of the automobile registration division have been furnished with packages of the cards, with instructions to give one to each applicant for a license.

Becker, when asked about the matter, remarked that he had the facilities for reaching voters, and was making use of them. To reach all the 700,000 automobile owners would cost any other candidate $14,000 for postage alone.

Kansas City Machine Guns Are Checked Up

Weapon Known to Have Been Owned by Bootlegger Is Missing Following Bank Hold-Up.

Kansas City, Mo., Feb. 9.—Police were busy last night and today checking up on Thompson sub-machine guns, the type used in Kansas City's first machine gun holdup, known to be in Kansas City.

Police have known of three machine guns of the type used in yesterday's robbery, and so far have accounted for only two of them. The missing gun was seized about a year ago from Guy ("Big Heart") Brashear, a bootlegger. The seizure followed the holdup of a bank in Lansing, Kan.

Brashear later replevined the gun. A short time ago he reported his house had been entered and the gun stolen. Brashear and four others were arrested and held for investigation.

The bank holdup yesterday occurred in the heart of the down-town district.

French Aviators to Cross United States

Costes and Le Brix May Then Sail for Japan and Fly Home.—Received by Coolidge.

Washington, Feb. 9.—Lieut. Dieudonne Costes and Lieut. Commander Joseph Le Brix disclosed today they were planning to make a trans-continental good-will air tour from New York to San Francisco, stopping at all major cities en route.

Costes and Le Brix, accompanied by French Ambassador Claudel, were received by President Coolidge today.

On arriving at the White House they were escorted into the President's private office where greetings were exchanged. They were then photographed with the President on the south lawn.

The French trans-Atlantic fliers, who arrived here yesterday from Montgomery, Ala., said their itinerary would be arranged here in conference with the French ambassador.

Le Brix told the United Press it would be necessary to obtain permission from Paris before flying westward. He suggested he and Costes might visit Detroit, Chicago, Omaha and Salt Lake City en route to San Francisco, and if they returned to New York probably would visit other cities on the way back.

If Paris authorities were willing, Le Brix said, he and Costes might put their plane on a boat in San Francisco and go to Japan, whence they would pick up their flight and continue across Asia and Europe to Paris. If they fly from San Francisco to New York they would not attempt a trans-Atlantic flight to France but would go by boat.

Le Brix explained they expected to attempt a Paris-New York flight next summer.

The airmen expect to leave here Friday night or Saturday for New York.

Committee Passes on J. M. Beck, Republican

Pennsylvania Representative Is Recommended to House by Elections Committee.

Washington, Feb. 9.—Seating of Representative James M. Beck, Republican, Pennsylvania, was recommended to the House today by House elections committee number two, which investigated the contest brought against him on the ground he is not an inhabitant of Pennsylvania. The vote was six to three.

The committee's recommendations will be acted upon later by the House.

One Democrat, Representative Douglas, Massachusetts, voted with five Republicans in favor of seating Beck. They were: Vincent, Michigan, chairman, Perkins, New Jersey; Rathbone, Illinois; Bachman, New Jersey and Guyer, Kan.

One Republican voted against seating him, Representative Crail, California, joining two Democrats, Browning, Tennessee, and Wilson, Mississippi.

Democrats Seek to Add to Rivers Bill

Increase of $5,860,000 Is Sought In House.—Provides No New Projects.

BULLETIN

Washington, Feb. 9.—The administration suffered defeat in the House today when the appropriation for rivers and harbors projects in the war department bill was raised from $50,000,000 to $55,860,000 by a vote of 140 to 40.

Washington, Feb. 9.—Democrats were to fight in the House today to add $5,860,000 to the $50,000,000 carried in the War Department appropriation bill for rivers and harbors projects.

An amendment to be offered by Representative McDuffie, Democrat, Alabama, provided for the higher figure. Administration leaders opposed it.

Army engineers submitted an alternate allotment this session carrying the $55,860,000, but the appropriatons committee took the lower figure on recommendations of the budget bureau. The suggested increase includes no new projects, but merely additional expenditures for projects carried in the bill.

McDuffie declared the increases are necessary.

Chairman Dempsey, Republican, New York, of the Rivers and Harbors committee, disagreed, but he revealed he had consented to a compromise of $2,000,000 additional which President Coolidge approves for inclusion in a later deficiency bill.

Would Have States Pay as Benefitted

Contributions for Flood Control Not Based Upon Amounts Expended Davis Says.

Washington, Feb. 9.—Contributions by Mississippi valley states for flood control should be based upon the protection afforded them rather than the amount expended within their boundaries, Secretary of War Davis told the Senate commerce committee today.

Missouri, for example, should not be forced to bear the expense of the riverside floodway recommended in the Jadwin plan for the protection of Cairo, Illinois, he said.

Davis defended the feature of the army engineers' plan requiring states to pay 20 per cent of control costs, but said this share should be apportioned among the lower valley states as equitably as possible. This appointment, he said, must be worked out by Congress rather than by any executive department of the government.

CUBA HONORS LINDY AFTER 750-MILE HOP

After Three Days in Havana, Flier Will Take Off Monday for St. Louis.
Breaks Another Record.

Havana, Feb. 9.—Col. Charles A. Lindbergh broke another record today when he made a five-minute speech to Cuban army officers whose guest he was at a luncheon at Camp Columbia.

Havana, Feb. 9.—Cuban hospitality expanded today in an enormous greeting to Colonel Charles A. Lindbergh, the boyish American flier who drifted from the sky yesterday with a message of good will from the United States.

The nation, eager to do its greatest honor to this flying son of a sister republic, permitted Lindbergh to rest last night after his trying 750-mile flight from Haiti, but today demanded to show the hospitality that is dear to all Latin peoples.

The program for the smiling young flier was a busy one. Beginning at noon today Lindbergh was the center of a round of joyous welcome from all Cuba.

Friday at 11 a. m. he will receive a medal from the Cuban secretary of state and will attend a state dinner given by President Machado at the National Theater.

Saturday the flyer will be extended a luncheon by the American Chamber of Commerce and Sunday is planned as a day of rest.

Lindbergh will make a non-stop flight from Havana to St. Louis Monday.

He planned to take off at dawn for the 1,200 mile trip. The "Spirit of St. Louis" will be gone over thoroughly before the long flight.

Non-Intervention Is Proposed at Havana

All But Three Nations Have Agreed, It Is Reported After Secret Session.

Havana, Feb. 9.—A Costa Rican compromise proposal sharply circumscribing the right of one nation to intervene in another's affairs was considered at a three-hour secret session of the Pan-American conference international law committee today.

One delegate told the United Press that all but three nations had agreed to the compromise. Study of its text suggested the strong probability that the United States was one of the three.

Peru to Aid in Canal Defense.

Havana, Feb. 9. — Recognizing the common advantage derived from the Panama Canal by American republics; the Peruvian Pan-American conference delegation announced today that Peru would give any possible assistance in guarding the canal from danger that might threaten its safety from the illegitimate use of commercial airplanes.

The declaration was made as an official portion of Peru's acceptance of the Pan-American commercial aviation treaty.

MARINES RUSH TO MATAGALPA

NICARAGUAN REBELS REPORTED CONCENTRATING THERE.

RICH COFFEE SECTION

General Sandino Said to Have Divided Force Into Raiding Bands Spreading Terror.

Managua, Nicaragua, Feb. 9.—United States Marines were rushed today to the Matagalpa district, where it was reported followers of General Augustino Sandino, rebel leader, were concentrating.

It was reported here that William De Savigny, American vice-consul at Matagalpa, had asked additional aid, while Harold Patterson, British charge-de-affairs here, has told United States minister Eberhardt that he expected full protection of British lives and property, as had been promised.

The Marines were taken to the Matagalpa district in motor cars commandeered by the Nicaraguan government.

Sandino Leading Troops.

Reports here were to the effect that General Sandino was leading his own troops in the Matagalpa district. He was said to have a force of about 500 mounted soldiers and was dividing them into raiding groups of between 50 and 100 soldiers in each group.

Many laborers were reported fleeing from the west coffee plantations of the district in fear of the Sandino raiding bands. One report, which was believed confirmed, was that the Sandino followers had occupied the coffee hacienda of Charles Potter, wealthy British planter.

The Matagalpa district is the most valuable coffee district in Nicaragua. The crop this year was reported to be worth more than $1,000,000.

Kansas City Bandit Waits on Customer

Kansas City, Mo., Feb. 9.—A bandit entered a grocery store here last night and was disappointed to find only $23. While rifling the cash register a customer appeared and the bandit hurriedly concealed his weapon.

"What will you have?" the holdup man asked pleasantly while the proprietor stood aside.

After putting up a good-sized order the bandit took the money for the goods, gave the woman the proper change and departed.

Treasured Civil War Relic Is Sent to President Uel Lamkin

About sixty-five years ago Prof. E. P. Lamkin of Huntsville, Mo., received a letter in the official envelope of the government of the Confederate States of America. The letter bore the postmark of Lexington on the back. On the face of the letter was a five-cent Confederate stamp, bearing the picture of Jefferson, and on the back was a three-cent stamp of the United States government, carrying the picture of George Washington.

This week the time-colored envelope was received by President Uel W. Lamkin of the State Teachers College, a son of Professor Lamkin, who originally received the letter during the Civil War. It was sent here by Mrs. Howard Bailey of St. Louis, formerly Miss Louise Salmon, daughter of Major Harvey W. Salmon, who then lived in Huntsville, Mo. Her father was later state treasurer of Missouri in 1872 to 1874, under the administration of Governor Silas Woodson of Buchanan County. In her letter to President Lamkin she said:

"I am enclosing to you one of my deeply valued treasures which your mother gave me when a little girl. She said she knew I would care for it and appreciate it, but I feel it's time to return it to the family—so I am sending it to you with my best wishes. I have kept it in a safety deposit box—have never seen another like it—and I feel it is valuable from a historical viewpoint as it has postage of both the Confederate and United States governments on it."

The face of the envelope is in three colors, red, white, and blue. The stars of the Confederate states are white on a blue field, and the top and bottom signature lines of Jeff Davis, president and Alex H. Stephens, vice-president, are in white on a bright red background.

President Lamkin does not know who wrote this letter to his father or anything as to the nature of its contents. A cancellation stamp bearing the name, "Lexington" is on the back but the date is illegible. A note was pencilled on the back by the elder Mr. Lamkin, "Answered day after reception."

The Rev. T. M. Taylor of Elmo, went to St. Joseph Tuesday.

SOCIETY

Miss Oakes Engaged.

The engagement of Miss Mary Frances Oakes of Brookline, Mass., to Hollis H. Hunnewell of Boston, which was announced recently is of interest to many Maryville people as Miss Oakes' mother, Mrs. Francis J. Oakes, was the former Miss Mary Prather of Maryville, who has frequently visited here since moving away.

The following about the engagement is from the New York Times of last Sunday:

"Mr. and Mrs. Francis J. Oakes, Jr., of 278 Warren Street, Brookline, Mass., who were in New York for some time before sailing on the Paris, Friday night, have announced to their many friends here the engagement of their third daughter, Miss Mary Frances Oakes, to Hollis H. Hunnewell of Boston.

"Miss Oakes went to the Winsor School in Boston and was introduced to society in Brookline last winter. She is now living with her aunt, Miss Elizabeth Prather, in Paris, and is attending the Sorbonne there. Mr. Hunnewell is the son of the late Mr. and Mrs. Hollis H. Hunnewell of Wellesley, Mass., and a grandson of Mrs. Frederic Neilson of Newport and New York. He is also a first cousin of Mrs. Harry C. Cushing 3d and a nephew of Mrs. Walton Martin of New York. Mr. Hunnewell was graduated from St. Paul's School in Concord, N. H., and from Harvard with the class of 1926. He is now in business in Boston. The wedding will probably take place in the spring.

"Mr. and Mrs. Oakes, on their arrival in France, will go directly to Paris."

P. T. A. In Afternoon.

The Jefferson Parent-Teacher Circle will meet at the school building at 3 o'clock tomorrow afternoon. The meeting has been changed from night to afternoon because of the bad weather.

Dr. K. Sears Takes Civil Service Exam

Dr. K. Sears, of Maryville, a licensed veterinarian, took a civil service examination at the postoffice here yesterday to qualify as an assistant veterinarian of sanitation.

The examination was conducted by Eldon Irvin, secretary of the local service board. Dr. Sears was the only one to take the examination.

Not All Hamony in Small-Thompson Pact

Associates of Two Illinois Political Leaders Show Little Enthusiasm for Coalition.

Chicago, Feb. 9.—The Small-Thompson coalition, which yesterday seemed likely to lead to complete harmony in Illinois Republican ranks, today was threatened from several sources.

Chicago political associates of Mayor William Hale Thompson showed little enthusiasm for the mayor's idea of supporting Small's third term campaign.

Small was reported to be hesitant about a strong wet plank planned by the Thompson platform, and many of his supporters were doubtful about the Thompson move.

Former Governor Frank O. Lowden, candidate for the Republican presidential nomination, and U. S. Senator Deneen were understood to be strongly opposed to the coalition, and it was said they might actively support Secretary of State Louis Emmerson for the gubernatorial nomination.

A dinner in honor of the couple is to be given Monday noon by the immediate members of the family, all of whom will be there. They will also present their parents with a purse containing gold coins. In the afternoon the house will be open to neighbors and friends.

Paper on Prohibition by Mrs. F. A. Bush Read to W. C. T. U.

The following paper written by Mrs. F. A. Bush, formerly of Maryville but now of Sidney, Neb., was read yesterday before the meeting of the Maryville W. C. T. U. at the First Methodist church:

Poor old Prohibition! Though battle-scarred and pitted from the ravages of some kind of human pox, you are fearless and undaunted, knowing you are fighting for the weak ones, big and little.

You are like the bad boy in school, blamed for everything bad that happens in the country and credited with no good you may do.

Before you came into existence a few years ago, there was very little if any crime. Life in the United States flowed on in happy, gentle, uninterrupted courses as a stream without even a stone in it to mar its serenity.

Your predecessor, High License, special privilege class, naturally undemocratic, sat upon the throne. He did so much for our schools by contributing funds, thereby lessening the taxes which you have increased so much. He must have been a very religious fellow for he followed strictly that Bible injunction to the letter by never letting one hand know what the other one did.

So while he posed as a benefactor to our great public school system, he was reaching his other hand out with all its tentacles into almost every hamlet, town and countryside for his big and little victims. Contrary to general opinion, he didn't always wait for his patrons to come to him but he sent the pre-prohibition bottleggers to help round them up.

Under the guise of legitimate business, children were robbed of food, shelter, education and happiness; often they were kicked and beaten, maybe driven from home, and, not the less cruel, were made objects of charity and subjects of shame. Wives, who had been happy brides, knew life as a living hell, ever looking forward to nothing but poverty, wretchedness and misery. They watched for their husbands to come and, especially on payday, when the regular hour of coming passed, they knew how he'd come, full of that which wrought harm and havoc and empty of that which would nourish and clothe the family.

The old king, cruel as Nero, sat on his throne and laughed. It is said that frequently his victims, unable to go home and past receiving any more wares, were hauled out into a back room, there to sleep it off, while the lamp burned at home and simultaneously, hopes died there.

Most as much fun and nearly as innocent pastime as burning Rome.

Someone says that was a crime. No. None of these things were crime because they were the outcome of fruits of legalized manufacture and sale of liquor.

Now, friend Prohibition, don't get mixed up on that point. There is a very worthy saying like this: "Where there is no law, there is no sin," likewise crime. That's how you come in for so much censor. You have decreased many times over the liquor traffic but whatever remains of the system has become the breaking of law, or crime, because of you, who, like Paul Revere, rode up in the night and detroned High License and his like, per many versions of the story.

Don't let them scare you with their propaganda that there's more drinking now than when saloons were here. We admit there's too much, but you are not big enough and there isn't room enough on you, Prohibition, to hang everything onto you.

Yes, you do interfere with personal rights. Which one of your brother laws does not? My personal rights cease when they interfere with my neighbors. So when Daddy spent his money for worse than useless drink, and robbed his family, his so-called personal rights were infrining upon the rights of others and there was need to limit them. That's what you did.

We all know there are many who are clamoring for a change and they are magnifying every misdemeanor caused by liquor, ignoring the thousands who never partake, denouncing every man who makes and error in your cause, giving you no co-operation whatever and forgetting there was a Judas among the twelve.

To cheer you up, come along and see the happy homes where Daddy is a real Daddy now and the testimony of the children will convince you that you are on the right way.

We might name you the modern Job but with all your ill advisers may you come through as triumphant as he did, clinging to your original faith.

So here's to you, old Prohibition, man of vision and benefactor to mankind. May your happiness be full when it is said to you,

"Inasmuch as ye have done it unto one of these, my little ones, ye have done it unto me."

T. Ellen Bush.

Maryville Motorists Ignore An Advantage

This Week was Opportunity for Local Residents to get Licenses While Roads Keep Many Out.

The change of weather which made it impossible for many out of town persons to come in to secure their state owner or truck licenses would have been a good time for Maryville residents to attend to this matter at the Chamber of Commerce offices. But few did. Sales throughout the past four days have been light, not exceeding thirty a day.

Twenty-two licenses were sold yesterday and twenty-seven today. The total sale has reached 700.

Hopkins Journal Has Praise for Sheriff

(Hopkins Journal)

S. E. Browne was in Maryville last Saturday, going down to attend a meeting of the Democratic central committee, being the member from Hopkins township. He helped elect Sheriff L. B. Campbell as county chairman, so, now, if you don't vote the Democratic ticket, maybe the sheriff will "throw you in." Laying all jokes aside, Mr. Campbell is a good, clean man and the party made no mistake in selecting him to head the county organization.

M. H. S. Is Out of State League Debate

Defeat at Central, St. Joseph, Eliminates Local Debaters.—Easton Debate Re-Scheduled.

Maryville high school has been eliminated from the State debating league series by Central high school at St. Joseph. Word was received here yesterday that a mistake had been made in making pairings for the second round of debates in this district by the manager in charge. After a school has lost once in the second round it is eliminated from further debates.

Maryville high school consequently will not debate Easton.

The Blazing Horizon

FICTION

COPYRIGHT 1927 BY NEA SERVICE

By ERNEST LYNN

THE STORY THUS FAR

The story is laid in the Indian territory and along the Kansas border in the '80's, when a fight was being waged for the opening of Oklahoma to settlement. Chief characters are:

TONY HARRISON, orphaned at 13 when his father was shot in a poker game;

PAWNEE BILL, adventurer, teacher, Indian interpreter, showman;

JOE CRAIG, who takes Tony to the Bar K ranch to live;

TITUS MOORE, owner of the Bar K brand;

RITA, his daughter.

Moore is one of the chief opponents of the movement to open Oklahoma. DAVID PAYNE, leader of the movement, dies suddenly and Tony in his loyalty to Moore is troubled because of his sympathy for Payne's cause. He tries to forget Rita Moore, with whom he has fallen in love, and accompanies Pawnee Bill and BUFFALO BILL on a wild west show tour. After many adventures he returns; but Rita comes back for a visit and he is unable to keep from declaring his love for her. When she admits she is engaged to another, he disappears.

Pawnee Bill organizes his own show. Tony goes with it. It fails and Pawnee Bill is persuaded by the city of Wichita to go there and lead the Boomers into Oklahoma. The fight finally is won. On April 22, 1889, the gun is fired that sends 50,000 homeseekers scrambling over the border in a wild rush. Tony stakes a claim for a widow and two children.

CHAPTER XLII

He waited. Before long the wagons began to come skirting around the hill. He saw spirited races as, with the first sight of the little valley, men became obsessed with the single purpose of having part of it for themselves.

A family in a light buckboard dashed up to the claim next to his. They unloaded a spade, which the father put in the hands of his young son. Earth was upturned; then to Tony's amazement the man cooly untied the horse that had been following the little wagon and hitched him to a plow.

"Now, that's what I'd call real fast work," Tony mused as he saw the plow come tumbling out of the buckboard and was treated a few minutes later to the spectacle of land under cultivation.

The man behind the plow grinned at him and presently walked over to where he sat. "You going to be next door?" he inquired.

"No; there's a widow lady with a couple of children. I promised her I'd find her something and I did."

"I'll be right glad to help her get things started," the other man told him. "It'll be nice if my wife has a nice neighbor she can chat with, so she won't be getting homesick for Ohio."

"Here she comes right now," Tony said and sprang to his feet. He waved his hat and called loudly, and the little buggy made directly for him.

"This here's your claim, ma'am," he told the woman as he helped her children out of the carriage. "I contrived to get you a nice pliece of land and a nice family right next door to neighbor with. It pays to be particular."

"Oh, I don't know how to thank you," she told him tremulously and he shifted uncomfortably as he saw the gathering tears in her eyes.

"You don't have to, ma'am." He bent to shake hands with her boy and girl and when he straightened up she surprised him by planting a kiss on his cheek.

"Goodby," she said, "and thank you. I'll remember you in my prayers. Won't you tell me your name?"

"Tony Harrison, ma'am" he called back to her. "Good luck," and rode on, touched to the quick by her gratitude. He paused once to look back and the three of them were waving to him. Then he headed Cherokee toward Guthrie.

As far as the eye could see, in all directions, the earth was a moving mass of horses and vehicles and humanity. The white tops of new schooner wagons continued to glisten in the sun and totter perilously where the going was rough. Here was one with a broken axle, a man sitting beside it in despair and a woman crying.

"Unhitch one of your horses and ride him," Tony called and the man looked at him dully and made no move.

Here was another wagon that had overturned, and men making desperate efforts to right it, and still another, its faded cover a tattered mass of ribbons, going forward on three wheels.

Cherokee ran swiftly, smoothly, easily. Another few minutes and again he had left most of the vehicles behind. He passed a supine figure—a man lying still in the sun, his eyes sightless and glazed, in his forehead a little round hole: victim, no doubt, of a deadly quarrel over one hundred and sixty acres of land.

They were crazed, these people—mad! Two men swinging from their saddles and racing to be the first to plant a little stick in the earth. Words—a blow—and then a killing. With a shudder, he passed on. Men were not normal human beings today; they were beasts. A primitive lust possessed them, and it was as though time had rolled centuries away, stripping them of the vestiges of civilization, revealing them in all the stark savagery of prototype ages remote. A place to live, to call their own, to wrest a living from with their bare hands; but first to possess—and death to him who would take away. . . .

Riders continued to fall behind him as the powerful Cherokee carried him on at an easy lope. Horses were jaded and lathered with sweat. Here was one that had stumbled and was unable to rise—too spent; there was one that had run his heart out and had died.

Fools, he thought, to demand the impossible of their beasts—to run them frantically until they dropped in exhaustion. No horse could stand it—not even the tough, wiry little cow ponies—not even Cherokee, who moved beneath him like a piece of tireless machinery.

Ahead of him the ground dipped a little. He passed a man in a sulky, an odd looking vehicle in a place like this but no odder than hundreds of other queer contrivances he had seen. Anything, that man might travel without tiring. As he turned his head for another glance, the man sprang to the ground and Tony nodded approvingly. Here was choice bottom land and it had been passed by .

So he came to the Cimarron, swollen by rain and running red with eroded soil. Here was more confusion than ever. Men cursed and shouted and tried to urge their mounts into the current. A wagon lodged firmly in the mud and abandoned. A drowned horse. Women and children crying. Someone was saying, despairingly, "Quick sand," and shaking his head.

Tony Harrison felt a quickening pity. Here was tragedy, and it was just the beginning. Thousands more were coming to add to the confusion and the despair. The Cimarron river—and just beyond was Guthrie—and these people were desperate with the knowledge that thousands would be there ahead of them and the fear that they would be too late.

The Cimarron—where hope would abandon the weak and the fearful; where hundreds would see their pitiful little plans go to smash as wagons would go to pieces in the crossing and horses drown.

Here was where experience and a cool head were needed, but there were many who knew next to nothing about horses, who were excitable and without purpose.

A man and a woman in a wagon were quarreling. Hub deep in the soil of the river bed, their wagon stuck and the horses refused to pull. The man gave it up as a futile task, and snapped and shouted at his wife as she found fault.

"Get out and put your shoulder to the wheel," Tony commanded. "And you," to the woman, "grab the reins and give 'em the whip."

The man, startled into action at the sharp note of authority in Harrison's voice, jumped out in thigh deep water and ran back and pushed. Tony, urging Cherokee into the river, seized one of the horses by the bridle.

"All right, now—the whip."

The woman lashed furiously, the man trained at the wheel, and the wagon moved.

"Now jump in," Tony told him, "and follow me." Calmly he rode ahead and conducted them safely across.

"I didn't think I'd ever make it," the man told him gratefully.

On the south bank Tony paused for a minute or two to look back at the struggle. He shook his head, then spoke to Cherokee. Not many more miles now and he would be seeing the drama of Oklahoma's opening at its height—Guthrie, mecca of the city lover and those who lacked the courage to wrest a living from a lonely farm; of the get-rich-quick and the gamblers, the prospective merchants and the sharpers, the crooks, the adventurous—a many-sided humanity with a common purpose.

The failure of the Springer bill would leave 50,000 people without government of any kind, for the appropriation bill amendment provided for nothing but the opening. There would be thievery and murder and all forms of outlawry; the only salvation would be for a united citizenry in the cities to provide charters and ordinances and abide by them, even though they would have nothing more behind them than the sanction of the day-to-day acquiescence of the people.

All this Pawnee Bill had made clear to him—a tract of land peopled by 50,000 prospective citizens, the majority of them law-abiding, the rest with an eye to mischief. And no one at the head of things.

It would be a test—a test of men's decency and fairness—and whether Oklahoma would emerge from her chaotic beginning with a fair name or a black one would rest with a few strong men.

The name of Bill Tilghman came to his mind—Tilghman, whose fame as a peace officer had spread beyond the borders of several states. Tilghman, he knew, was in the race. If there were more like him in the rush, Oklahoma would not lack for men to put the fear of God in the hearts of the lawless.

"They ought to make Tilghman marshal of Guthrie, Cherokee; and they ought to persuade Pawnee Bill to stay."

He rode on, and marveled at the smooth stride of the powerful stallion beneath him. He was still passing other riders by the dozen; some of them tense, anxious, staring straight ahead, others hailing him with amiable cries.

And Guthrie suddenly reared up ahead of him, a town of tents and milling men and—bedlam. The land office, and he heard a man say, "They tell me three hundred and twenty acres were set aside by the land office for the town of Guthrie. Three times that many have been staked already, and the same thing's probably happening down in Oklahoma City. And still they're coming."

Still they were coming. A train was pulling in and Tony Harrison saw men scramble from it, too impatient to wait for it to stop, and roll over and over in the dirt beside the tracks.

(To Be Continued)

Guthrie—the city that was made in a day! Tony Harrison, without plan or purpose, suddenly finds himself in business. In the next chapter.

Mr. and Mrs. Albert Hennengeler were transacting business in Stanberry Friday.

Jake Wonderly and daughter, Miss Viola, were visiting at Tom Miller's Sunday.

Joseph Stoll, east of Clyde, shipped out a carload of wheat from Conception Junction Saturday.

The rain which fell Monday will benefit the fall wheat and pastures. Not much moisture has fallen for some time and wheat and grass will begin to turn green if the weather stays favorable. However, if the ground hog theory holds good, we can expect six more weeks of winter.

Mrs. Ralston McClain of Birmingham, Ala., is visiting her mother, Mrs. Anna Peoples, Skidmore.

For That Weakness After Flu or Grip

Clinton, Iowa. —"After I had the 'flu' I was very weak and nervous. I was also tortured with headaches. My blood seemed to be thin and I could not regain my strength. I was advised to take Dr. Pierce's Golden Medical Discovery, which I did, and before I had finished the third bottle I was feeling like a different person. My health improved so rapidly that I was astonished. I think it saved my life and I consider it a wonderful remedy."—Mrs. Louisa Redfield, 230 DeWitt St.

Goitre Not a Disease

Milwaukee Doctor Makes Remarkable Discovery.

Milwaukee, Wis.—It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. 695, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Powerful Skin Remedy Discovered

Dries Up Eczema, Barber's Itch and Skin Eruptions.

MUST GIVE RESULTS IN 7 DAYS OR MONEY BACK.

This wonderful surgeon's prescription now known all over America as Moone's Emerald Oil, is so efficient in the treatment of skin diseases that the itching of eczema often stops with one application.

A few applications and the most persistent cases of Eczema often are healed never to return.

Moone's Emerald Oil is safe and pleasant to use and it so powerfully antiseptic and deodorant that ever, odors arising from ulcers, gangrene and cancer are instantly killed.

Moone's Emerald Oil in the original bottle is dispensed by pharmacists. Maryville Drug Co. always has Moone's Emerald Oil on hand.

"NEURITIS SO BAD COULDN'T USE ARM"

"My right arm was almost useless from neuritis. The piercing pain bothered me all day. At night the sharp twinges would wake me right out of my sleep. I suffered terribly until one day I tried 'St. Jacob's Oil'. The relief I got from this simple oil was unbelievable. My arm feels fine now."

Good old "St. Jacob's Oil" is one remedy that really stops the pains and aches of Neuritis, Rheumatism, Backache, Lumbago, and Neuralgia. The relief is almost instantaneous because this marvelous oil goes directly to the affected part and as quickly draws out all the ache and pain. And it doesn't burn or blister the skin. Get a small trial bottle of 'St. Jacob's Oil" today at your druggist's and see how it relieves pain.

A GOITRE REDUCED TWO INCHES.

In One Week. Missouri Lady Tells Experience With Home Treatment.

Josephine Steevens, River Aux Vases, Mo., says in her own home paper, the Ste. Genevieve Herald, "One bottle of Sorbol Quadruple removed my goitre. It reduced two inches in one week. I could hardly see to sew. Was extremely nervous. Had choking spells at night also a severe cough. Will be glad to tell or write how this has all been relieved."

Sorbol Quadruple is not expensive and is pleasant and easy to use. Made by Sorbol Company, Mechanicsburg, Ohio. Sold by all druggists, locally at Gaugh & Evans.

Little Green Capsules Stop Rheumatic Agony

The fame of the little green capsule, because of its canny power to speedily stop the terrible rheumatic pains that make life almost unbearable, is rapidly spreading all over America.

You go about conquering your merciless rheumatic enemy in a different way—a knock-out way. Every hour the first day you take one little green capsule for just ten hours—then relief comes.

The second day, take one every two hours for 14 hours—Then take 4 little green capsules every day until every little twinge and every bit of tenderness is gone and your rheumatic troubles have ceased.

The little green capsule now so much in demand from coast to coast must have a name so it is known in every worthwhile drug store in America as Allenrhu Number 2.

For your own protection insist on Allenrhu Number 2. And please remember this—the little green Capsule must give you prompt relief—must give you abundant satisfaction—must free you from rheumatic distress or the price you pay for the first full bottle will be promptly refunded by Gaugh & Evans or any reputable druggist in America.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Drink Water If Back or Kidneys Hurt

Begin Taking Salts if You Feel Backachy or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day.

ANNOUNCEMENTS

OBITUARIES 6

FUNERAL Services for Mr. Frank Kugel will be held at Price's Undertaking Parlors, Friday, 3 o'clock.

Mr. Kugel was superintendent for the A. H. Neuman Construction Company, Des Moines, Iowa. Last July Mr. Kugel suffered a breakdown in health from long hours of overwork and resigned his position to take a vacation and rest.

Mr. and Mrs. Kugel left for a motor trip through the south and west and spent the two last months visiting in Denver, Colorado, and had just returned a few days ago.

His death resulted from a sudden heart attack, after weeks of seemingly perfect health. Mr. and Mrs. Kugel were returning to Des Moines when his death occurred so suddenly. Mr. Kugel was loved by all who knew him. He was never happier than when endeavoring to make those he loved happy. He always was kind and considerate to those in need and to those less fortunate in life; always giving generously to charitable institutions and church work; and he loved home life. He remarked on his return that he had enjoyed every minute of his trip, but the best part of the trip was getting back home again.

Mrs. Kugel has received many messages of condolence from Omaha, Denver and Des Moines; where the Kugels have visited many times. His passing leaves a place that can never be filled in the memory of all who knew him.

Rain Helps Grass and Wheat; Hurts Roads

Stock Wintered Well in Good Hope Community.—Not Many Changes in Farm Management.

GOOD HOPE—For more than two days we have been having rain all the time and part of the time it has rained quite hard. The wheat and grass lands especially needed this rain so the farmers say, but it has spoiled our fine roads. No section of the county that we have been over this winter could boast of better roads than this part of Nodaway county. The men have taken great pride in dragging and keeping up the by-roads and of course the highways are being maintained.

There is, or should be no complaint about the winter, for as a season, it has been a fine winter. Old Mr. Ground Hog not only saw his shadow but had a chance to bask in the morning sunlight, so if the old proverb be true, we are "in" for at least six weeks of winter and it may be worse than we have had for the season.

The stock has wintered well, the low price of hogs has caused many brood sows to be sent to market and there are a few late winter pigs coming on and doing well.

There are not many changes to be made among the farm managements. Henry Holker rented a farm from Jake Wiley, east of Pickering, and moved to it last week; Charlie McKee has rented Bruce Cobb's farm, east of Hopkins, moving last Saturday, and a Mr. Jackson from near Hopkins is moving on the farm vacated by Charlie.

The Worth While Club met with Mrs. Glen Jeffers last Thursday and tied two comforts, also finished the edges, and Thursday of next week they will meet with Mrs. Fay Morehouse.

A Farmers Union meeting will be held at Highland Thursday evening of this week. After the business meeting, Mr. Baldwin, the Highland school teacher, will present a program by his pupils, then there will be an old fashioned spelling bee. You are invited.

Geo. McCulley, College Springs, Ia., spent the week-end visiting R. G. Ringold and family, also other relatives in the neighborhood of Good Hope. They went from Sunday School and church to be dinner guests of Mr. and Mrs. Vern Fakes last Sunday.

Locally: Mr. and Mrs. Guy Blanchard, son, Loy, and family visited Mr. and Mrs. Carl Gray, east of Hopkins, last Sunday; Mr. and Mrs. Chas. Massie and daughters went home with Mr. and Mrs. Tine Miller from church; Mr. and Mrs. Charlie Taylor with Mr. and Mrs. John Morehouse; The Rev. J. H. Thompson and Miss Naomi Wilson with Mr. and Mrs. Dale Sowers and Irene.

Last Monday evening was a hard time for school folks to get around and some of our teachers who drive from home stayed nearer their schools. Miss Dowling at Bert Baldwin's, Miss Hornbuckle at John Morehouse's and Mr. Baldwin at Lew Coleman's.

The Good Hope Church and Sunday school folks who were there had a delightful service last Sunday, a good full Sunday School at 10 o'clock and preaching by the pastor, the Rev. J. [illegible]ard Thompson. Hopkins, at 11 o'clock. The Reverend Mr. Thompson was at his best and everyone enjoyed being there. Come to Sunday School next Sunday.

White Cloud Club Meets February 16

Time Spent in Quilting at Last Meeting—School Program Well Attended.

White Cloud.—The next meeting of the W. C. S. N. club will be Thursday afternoon, Feb. 16, with Mrs. Henry Brown. Mrs. Will Boyd and daughter, Miss Olive, were hostesses Feb. 2. Quilting was the work furnished. Refreshments were served to the following members: Mrs. Bert Baldwin, Mrs. Myrtle Gillespie, Mrs. Elmer Hanna, Mrs. Will Anderson, Mrs. Robert Ramsey, Mrs. Guy Blanchard, Mrs. Gertie Morehouse, Mrs. Ol Coleman, Mrs. Galen Ulmer, Mrs. Nick Thull, Mrs. Melburn Archer, Mrs. Everett Ulmer, Mrs. Ira Ringold, Mrs. Frank Davis and Mrs. Henry Brown, Mrs. John Thompson of Bedford, Mrs. Fred Herbert of Hopkins and Miss Dorothy Coleman were guests.

Andy McCoullough of College Springs, Ia., has been visiting in the home of Mr. and Mrs. John Ringold.

Mrs. Les Ringold and Mrs. Milbury Archer are numbered among the sick in this locality.

Mrs. Ira Ringold accompanied Mrs. Al Reeder to the hospital in St. Joseph Saturday.

The program at the school house Friday night was well attended.

Mr. and Mrs. Nick Thull entertained a few friends Tuesday evening. Progressive pitch was played at three tables. The high scores were won by Mr. and Mrs. Will Boyd. A two course lunch was served by Mrs. Thull. Those present were Mr. and Mrs. Milburn Archer, Mr. and Mrs. Robert Ramsey, Mr. and Mrs. Guyman Wiley, Mr. and Mrs. Elmer Hanna, Mr. and Mrs. Ol Coleman, Mr. and Mrs. Will Boyd, Miss Olive Boyd, Doris Hanna, Alma, Edna and Leona Wiley, Hattie Jane Archer, Darline Ramsey, Milburn, Jr., Danny and Donald Archer and Billy Hanna.

Mr. and Mrs. Robert Ramsey and Darline were dinner guests Sunday in the parental home of Mr. and Mrs. S. C. Ramsey in Northboro, Ia.

Missouri River to Rise Several Feet

Ice Floes Breaking Up Between Kansas City and South Dakota Line.—No Weather Change.

Kansas City, Mo., Feb. 9.—A rise of five or six feet in the Missouri River in the next forty-eight hours was predicted today by P. Conner, weather observer.

The rise will be caused by breaking up of ice floes between here and the South Dakota line. Beginning north of St. Joseph the rise will be effective to the central part of the state, Conner said.

No change in the weather was seen by the weather official. Skies will remain cloudy and the temperature will range between 28 degrees tonight and 40 degrees tomorrow.

Onion and Garlic Men Ask Protective Tariff

Washington, Feb. 9.—America's big onion and garlic men are on the warpath.

They came to Washington today to demand a higher protective tariff for their products.

They were to appear before the tariff commission and plead that unless duties are raised an old popular song will be changed to "yes, we have no onions."

Final Grain Review.

Chicago, Feb. 9.—Enormous cash wheat sales to millers and shippers sent wheat prices into a sharp advance. Corn failed to follow the rally and lost a fraction. Oats was practically unchanged.

Wheat's surprising gains of the morning held fairly well through the closing hour. Corn turned strong and followed the advance. Oats weakened just before the close and lost its small fractional gains of the morning. Final figures: wheat ½ to 1⅝c higher; corn ¾ to ⅞c higher and oats unchanged to ⅛c off. Provisions strong.

Wheat sales to millers and shippers totaled around 325,000 bushels, the largest amount in a long time. The resultant advance of around ½c in the cash market firmed all futures and brought in good buying. Scarcity of offerings and consequent alarm among shorts featured the session. Liverpool was lower early, depressing prices here. But a firmer tone developed later in the day. No exports were reported. Receipts totaled 27 cars.

The tone on corn was firm despite the decline. Fine clear weather prevailed over the belt and most traders expect marketings to increase again. Yesterday's upturn brought price levels too high for European buyer and no exports were reported. Commission houses sold on every bulge. Receipts were only 221 cars and cash corn declined ¼c.

Oats went through another dull and featureless session showing no disposition to move independently. Receipts here were 77 cars and the cash market was steady to ½c higher.

Provisions worked higher.

New York Butter Market.

New York, Feb. 9.—Butter receipts February 8 were 11,898 packages.

SEASON INTO SECOND HALF

BEARCATS OPEN AGAINST CAPE GIRARDEAU TONIGHT.

IN STRATEGIC PLACE

Rest of Schedule Is Favorable to College Team Here.—Springfield Here Tomorrow Night.

With half the conference schedule of basketball games played, the State Teachers College Bearcats tonight launch on the second half of the M. I. A. A. program with a game against the Southeast Teachers of Cape Girardeau here tonight.

Leslie Davis, K. U., is slated to officiate and it is hoped that he will be on hand at 8 o'clock tonight instead of keeping the Bearcats on edge for an hour as was the case Tuesday night.

The Southeast Teachers come here with a record not so impressive as some of the other teams which have faced the local Teachers this season but they knocked the Bearcats a round down the M. I. A. A. ladder in a tilt on the Cape Girardeau floor.

With Springfield sailing along in first place, Warrensburg entrenched in second place and the Bulldogs of Kirksville looming up as a threat to the other M. I. A. A. teams, the Bearcats have a stiff assignment to climb into the leadership by the end of the conference season.

Of the six remaining games, the second one is with the Springfield Teachers here tomorrow night. There is a series of three games with Kirksville and one more contest with the Central Teachers of Warrensburg.

Difficult as their task is, the Bearcats are in a strategic position. Only the game at Warrensburg and one at Kirksville are to be played away from home. Then the team has not yet reached its top form, whereas last year the climax was reached in the Hillyard game, after which the Bearcats went into a disastrous slump.

Only once this season has the team shown the power that distinguished it last year. That was in the last eight minutes of the second game at Springfield. It is doubtful, of course, whether the team will hit its stride even now, but certainly it will do no worse.

A victory tonight would tie the Bearcats with Warrensburg for second place. Another win over Springfield tomorrow night would put the Bearcats in a tie for first. Then would come the three games with Kirksville, giving either team ample opportunity to eliminate the other, and the one remaining clash with the Mules.

Joie Ray Turns Back From Pro to Amateur

Chicago, Feb. 9.—Joie Ray, once America's leading distance runner, who turned professional and then couldn't find anybody to compete against, was an amateur in good standing again today.

The Chicago A. A. U. reinstated Ray at a meeting last night, and to celebrate, the runner planned to enter the Illinois Athletic Club meet tomorrow night. He has been conditioning himself for several weeks.

He will enter the two-mile race, he said, but will not compete against Dr. Otto Peltzer and Ray Dodge in the 1,000 meter run.

Ray has been working in steel mills at Gary since his hope of profiting by his track prowess failed.

Three Teams Win Bowling Matches

Nickel Plates, Independents and El Retinas Victors Tuesday and Wednesday Nights.

The El Retinas swept all three games from the Spic and Span team Tuesday night, rolling 1392 pins to 1315. In the first game Lewis fell down to 101 or the El Retinas would have lost one. None of the men on either team bowled 500. Leslie Reynolds, one of the pin setters at the bowling alley, took Lewis' place in the last two games. The score:

EL RETINAS—

Chicago Oil Man Is Freed by Siddons

Says Evidence Against Sheldon Clark, Vice-President Sinclair Refining Co. Is "Slim."

Washington, Feb. 8.—Sheldon Clark, Chicago oil man, one of six defendants in the Burns-Sinclair contempt case, was freed today by Justice Frederick L. Siddons of the District Supreme Court.

Siddons decided evidence against Clark in the shadowing of Fall-Sinclair jurors, was "slim," and dismissed the contempt charges against him. The trial of Harry F. Sinclair, W. J. Burns and others, arising from the jury shadowing, will continue.

Clark, vice-president of the Sinclair Refining Company, is well known in Chicago politics and sports.

Thompson Candidate to Succeed Himself

Jefferson City, Mo., Feb. 9.—L. D. Thompson, state auditor, today filed with the secretary of state his declaration as a candidate for the Republican nomination to succeed himself.

Thompson is serving his first term as state auditor. A statement accompanying his declaration said he would go before the voters on the record he made in office during the past three years.

Senate to Take Up Power Investigation

Washington, Feb. 9.—By unanimous consent, the Senate today agreed to take up Monday the Walsh resolution for investigation of the so-called power combine.

Chairman Watson of the Interstate Commerce committee which considered the resolution served notice there would be considerable debate and that it was unlikely an early vote would be reached.
